bridge will be let this year, but that its completion will require approximately two years.

Landowners on the east side of the river from Van Lear to the mouth of Johns Creek, and in Floyd County from Johns Creek to Auxier have been contacted by highway officials relative to right-of-way for the rerouting of US 23 and US 460. About four property owners in this county have agreed on prices offered, it was stated.

The new route up Tan Vat Branch, and down the Burnt Cabin Branch to Hager Hill is said to be a most scenic and beautiful roadway. It surrounds the hazardous "narrows" section where many accidents and road fatalities have occurred in recent years.

Highway 23 is the main commercial artery of the Big Sandy Valley, benefitting more residents than any other road in the entire area. It also serves a great number of out-of-state motorists, as it is the shortest north-south route from Detroit to Miami.
